Join the Maryland Digital Equity Coalition (MDEC)

MISSION

Connect organizations and local governments to anchor and amplify digital inclusion work in Maryland, empowering communities towards digital equity.

VISION

Foster a strong network of individuals and organizations engaged in digital inclusion. Share resources and best practices to enhance community support. Increase awareness of digital equity programs across the state. Develop resources tailored to the needs of MDEC communities, including training for digital navigators and rural county staff.

Get Involved!

Join MDEC to participate in initiatives that bridge the digital divide in Maryland. Your engagement is crucial for fostering collaboration and driving meaningful change in our communities.
