2026 EMPOWERING HEALTH CONFERENCE

Bridging the Future of Health: Empowering Communities through Technological Preparedness, Innovation, & Accessibility

FREE + VIRTUAL
MAY 7, 2026 | 9:00 AM - 4:00 PM

The 2026 Empowering Health Conference invites you to step beyond digital literacy and into a proactive, future-ready mindset. As emerging tools like AI, VR, and remote monitoring systems shift from the "future" to the "now." This year, we highlight a future where health technology is sustainable, responsible, and human-centered. Our sessions will explore the systems, workforce training, and ethics necessary to bridge the gap between today's practices and tomorrow's capabilities. Join us to learn how to harness emerging health tools to dismantle barriers, drive parity, and empower your community to lead the digital health revolution.

CONFERENCE TOPICS

- Securing the Future of Health: AI Governance, Cyber Readiness, and Institutional Accountability
- Bridging Innovation to Infrastructure: Building the Digital Backbone of Future Health
- Universal Innovation: Advancing AI Without Leaving Communities Behind
- Practical AI Integration for Health Education: Enhancing Learning with Human-Centered Technology
- The Future of Work in Health: Human + AI Collaboration in Workforce Development
- Global Digital Health in Action: UMD SPH Capstone Innovations
